

**January 4, 2010 – For Immediate RELEASE**

## **LWG Consulting Announces Launch of Singapore Office**

**Northbrook, IL (U.S.)** - LWG Consulting, Inc., the leading worldwide provider of technical expertise following equipment or systems failure and property damage, announces the launch of a new office in Singapore. This office opening, which will serve the Asian market, marks the second straight year in which LWG has launched an international office; last year, LWG opened an office in London, UK.

Bob Wedoff, President of LWG Consulting, commented, “We’re very pleased to announce the opening of our new Singapore office, as well as the appointment of Bruce Swales as the Managing Director of the Region. The new location expands our worldwide reach significantly, and Bruce not only adds incredible management depth, but also terrific technical expertise to our global operation. This is a great step in our fulfillment of our promise to our clients to provide top-notch technical expertise on all types of losses and disasters no matter where in the world they might be required.”

The Singapore office joins LWG’s 18 North American and European Offices. Bruce Swales, Managing Director of LWG Consulting Pte Ltd, comments, “LWG Consulting is a well established and highly respected company and I am extremely pleased to be joining the LWG team. The range of services, breadth and depth of technical expertise and flexible approach of LWG will be suited to the Asian environment and I am looking forward to assisting the Asian insurance community through the introduction of our services.”

### **About LWG Consulting**

LWG Consulting is the leading worldwide provider of technical expertise following equipment or systems failure and property damage. Since 1984, LWG has supported insurers, independent adjusters, self-insured corporations, and legal professionals by providing expertise with losses requiring technical damage assessment, causal analysis, complex loss project management, as well as data recovery, computer forensics, and equipment restoration. LWG’s team of engineers are recognized as industry experts, trusted by the world’s largest insurance companies and corporations in cases of catastrophe or litigation.
