

ADVANCED DIPLOMA – RECOMMENDED READING LIST

Introduction

To successfully complete the Advanced Diploma members will be required to undertake personal research. The following is a list of recommended resources. Please note that the list is by no means exhaustive.

The CILA recommends those embarking on the Advanced Diploma use the Open University “**Good Study Guide**” which can be found via [this link](#).

AD2 candidates will appreciate that as the subjects selected are specialist topics there will be a wide range of available materials. It is not therefore possible to specify all available resources.
